

ARTADI Viñas de Gain Blanco 2016

We find in this wine the subtleness, minerality and slenderness of the Viura grape variety, but with the right energy that allows this white wine long bottle aging in the cellar.

VINEYARDS	Placed in Laguardia between 450 and 700 meters of altitude, laid on claylimestone soils
VITICULTURE	Maximum respect for the environment; lack of pest or herbicides. Organic viticulture
HARVEST	Manual picking of the grapes in 15 kg boxes. Sorting of bunches and berries. Average yield of 4000 kg/ha
GROWING SEASON 2016	The 2016 vintage was marked by a mild winter with low rainfall, followed by a rainy spring that provided a water reserve for the vegetative growth. We had a warm and dry summer and a climatic alternation between day and night that favored the simultaneous development of the alcoholic and the phenolic ripening. This climate provided us with an abundant harvest that had a positive impact on the quality of this 2016 vintage.
GRAPE VARIETY	100% Viura
VINIFICATION	Oak fermented for about 2 weeks
AGEING	Ageing in stainless-steel vats for 2 years and 4 months. One part ageing in oak for one month and after in stainless-steel until bottling.
BOTTLING	February 2019
ANALYSIS	Alc/vol: 13,5% Acidez total: 5,95 gr./lt. pH: 3,36
